

# NEPIC BUSINESS IMPROVEMENT THROUGH INFORMATION MANAGEMENT EVENT

21<sup>st</sup> March 2012, Wilton Centre, 13:00

**IMPROVE YOUR BUSINESS & OPERATIONS PERFORMANCE WITH MORE UP-TO-DATE  
INFORMATION MANAGEMENT**

## CASE STUDIES FROM THE CLUSTER

Featuring NEPIC member companies including Sabisu, Mintronics, Aveva, CPD, Unasys, ITS & Daista as well as AJM Consulting, the event will showcase how companies in the process sector have benefited from working with the latest in information & communications technology to enhance their performance and how the supplier has tackled issues which emerged.

With inputs from Teesside University experts to outline how the technology will develop and the scope for improvement from applications of modern IT systems, the event is aimed across organizations from business management to process design, engineering and manufacturing.

With inputs from Durham Business School and Teesside University experts to outline how the technology will develop and the scope for improvement even from simple applications of modern IT the event is aimed across organizations from business management to process design, engineering and manufacturing. Delegates will benefit from seeing how they can use modern systems to improve:

- Strategic management
  - Management Information Systems - providing the right information to achieve strategic goals
- Key Operations
  - Asset Management
  - Safety
- Improved Performance
  - Process Improvements
- Key Infrastructure
  - Document/Data management
  - Project Management & Control

The exhibition will give delegates the chance to have further discussion and understanding of the benefits and meet other cluster members. The venue is the Wilton Centre starting at 13:00 with networking & exhibition and finishing at 17:30. Light refreshments provided.
