FAST TRACK YOUR DIGITAL OR TECH BUSINESS & MAXIMISE YOUR POTENTIAL

The DigitalCity Accelerator Programme has been designed to accelerate the growth of recently established digital/tech companies that are bringing new products and services to market.

Along with a series of interactive workshops, tailored mentoring and grant funding, tech pioneers can benefit from:

- Thoroughly researched content delivered by digital industry experts.
- Hearing first hand experiences and best practice from founders of the Tees Valley's most successful digital/tech businesses.
- Introductions to the wider DigitalCity cluster and our partners via a programme of events.
- Signposting to funding opportunities through the likes of Teesside University, DIT, Tees Valley Business and Innovate UK.

European Union
European Regional
Development Fund

OUR ALUMNI

"It really helps you to see the wood from the trees, strip out the stuff that you don't really need and focus on the basic building blocks that are going to help you build your business."

Matthew Protheroe-Hill, Director at Sencode.

"I couldn't speak more highly of the experience I have had and would urge any tech start-up to apply as an opportunity to enhance their knowledge and network, placing them on the best possible footing to succeed as a business."

Lauren Ridley, Creative Director at Studio Alma.

AM I ELIGIBLE?

The Accelerator Programme is aimed at Tees Valley-based digital/tech SMEs who have been actively trading up to 18 months. If you meet the criteria below, we'd love to hear from you!

- Registered as a Ltd company or as a CIC with Companies House
- Hold a business bank account
- Have a company website
- Looking to grow the business (not a sole trader)

The programme runs three times a year, for dates and application details please visit:
