

# TELL YOUR TEAMS

## Content for employees and colleagues

**Tell your teams about your NEPIC membership by email or internal communications. To make this quick and simple, we've scripted some content for you to share.**

### **Scripted content to email to your teams.**

We are a member of NEPIC – the networking organisation that represents the largest cluster of process, chemical and energy companies in the UK.

NEPIC exists to ensure industry in this region thrives – and that there are investments, innovations and a network that will create jobs and opportunities long into the future.

**We are proud to be members of NEPIC and want to ensure that you are aware of our association and benefit from it too.**

Here are a few ways that you can find out more and get involved:

- ▶ Register your email address on-line and receive NEPIC updates and bulletins direct to your inbox.
- ▶ Understand the benefits on offer and download engagement checklist.
- ▶ Take five minutes to thumb through the latest NEPIC Directory and meet our fellow members.
- ▶ Follow NEPIC on social media for the news and membership updates. After all, small snippets of content, at a time that suits, can be the best way to stay informed.
- ▶ Take a look at the events they run. There range for informal breakfast meetings to boost your network through to large conferences and best practice sharing events.
- ▶ Share our good news stories, updates, events and promotions via the free, unlimited digital new service that is included within our membership.

As a region and sector, we are stronger together.  
Let's get the whole team involved!

Thank you for your support.
