# NEPIC MEET THE MEMBERS

## ABOUT THE CONFERENCE

Our flagship annual networking event, Meet the Members includes sector updates, mentoring and networking opportunities, and is attended by investors, manufacturers and suppliers from across North East England's process sector.

Since its inception the event has grown into the standout networking event for the region's process industry and supply chain sectors.

Embracing the outstanding community spirit that exists in this region!

# NEPIC INDUSTRY AWARDS

## ABOUT THE AWARDS

The NEPIC Annual Awards celebrates the outstanding achievements of the companies and individuals who make up the chemical-processing industries in the North East of England.

During a glittering award ceremony held at Hardwick Hall and witnessed by some 450 industry leaders – winners and guests alike enjoy an evening of celebrations and networking.

## About our Award Categories

### Apprentice Awards

NEPIC seek to promote the industry as a career choice for those leaving school, and the apprenticeship route as a training option. These awards seek to recognise and celebrate the region's brightest apprentices.

### Young Achiever Awards

Recognising talent across industry's five sectors, awarding a winner under: Biotechnology; Pharmaceuticals; Fine & Speciality Chemicals; Commodity & Petrochemicals, and Support & Supply Chain.

### Environmental Award for North East Primary Schools

The objective of this Award is to encourage & educate primary school children on environmental awareness & actions by exploring environmentally themed projects.

### Corporate Environmental Award

This award recognises and rewards the efforts of individuals and organisations whom protect the natural world from the impact of industrial activity.

### Apprenticeship Employer of the Year Award

This category celebrates employers who can showcase a strong commitment to employing, nurturing and supporting apprentices.

### Small Business of the Year Award

The SME of the Year Award is presented to the small-medium sized company that best demonstrates a successful approach to developing their sales to the process sector.

### Manufacturer of the Year Award

This award is targeted at all manufacturers who want to shout about their achievements in the chemical-processing industry during the previous year.

### Communities & Reputation Award

This award is targeted at all manufacturers who want to shout about their achievements in the chemical-processing industry during the previous year. Perhaps having launched a new product or innovation that is making waves in the industry.

### Apprenticeship Employer of the Year Award

This category celebrates employers who can showcase a strong commitment to employing, nurturing and supporting apprentices.

### Small Business of the Year Award

The Engineering Firm of the Year Award is presented to the NEPIC member company that can clearly showcase business excellence from across the consultancy and engineering sector.

### Innovation Award

The Innovation Award honors the NEPIC member company that has pursued game-changing ideas – across product, process and service.

### Outstanding Contribution Award

This award is aimed at finding and recognising an individual at any level in industry who has made a significant contribution to the North East Process Sector, and has been an inspiration to others.

# NEPIC TECHNICAL CONFERENCES & EXPOS

## ABOUT OUR EVENTS

Each year NEPIC runs an number of technical conferences with available exhibition opportunities and networking.

Sponsorship can raise your company profile and promote your products and services to our membership base and wider process industry and supply chain community.

Find out more below...

## Our Events & Opportunities

### Clean Growth Conference

NEPIC's annual Clean Growth Conference allows industry and stakeholders in the North East and further afield to commune and discuss their decarbonisation challenges and opportunities.

The shift to Net Zero is a huge challenge for all industries, fortunately it also provides opportunity for the advancement of businesses and economies through the creation of jobs, new supply chains, and regional investment.

This will be an engaging and informative event whether you are a SME looking to understand how Net Zero can grow your business, or a manufacturer looking for industrial decarbonisation case studies and opportunities for future innovation.

### Digitalisation & Cyber Security

Digitalisation presents the manufacturing sector with a huge opportunity to streamline processes, improve efficiency and save money.

The energy crisis, skill shortage and net zero targets are placing added stress upon the industry, and the adoption of innovative, digital, technologies can help companies to tackle these issues.

Join the NEPIC network as we come together to explore the digital solutions can accelerate growth and create business opportunities within the chemical, process and pharmaceutical sectors. Hear from world-leading manufacturers and innovative solution providers, and learn how the North East is embracing digitalisation and protecting itself from cyber-attack.

### Asset Management Event

Our Best Practice in Industrial Asset Management conference demonstrates transferable lessons from across the manufacturing spectrum.

This event brings together industrialists, sector specialists and technology experts to explore the critical role of asset management in driving energy savings, productivity, and efficiency.

Our conference is your opportunity to network with industry peers, gain actionable insights, and stay up to date with the cutting edge of asset management.

Join us and learn how the North East process sector can become more sustainable, efficient, and profitable.

**There are a number of sponsorship opportunities available for the above conferences. All rates and packages are the same for each event. Please see overleaf for our sponsorship options.**
